Data Protection Act 1998

Southwold Caravan Owners Association (SCOA) collects members' details and holds an electronic membership list for the sole purpose of enabling SCOA officials to contact members individually or as a group, by email, telephone or post, to circulate information relevant to SCOA members.

The membership list will be used by SCOA chair, secretary and membership secretary, or any committee member designated by the committee to fulfil these roles. The membership list will not be disclosed to any organisation or individual outside the SCOA committee.

Membership entitles you to receive SCOA email reports, to access the SCOA website members' pages, to vote at the AGM, to stand for committee and office, and to raise issues which SCOA may be able to take up, as the collective voice of its members. The membership list will be updated annually, by renewal of subscription before the AGM (usually Easter weekend). Members who have not renewed their subscription, or who leave the site, will be deleted from the membership list. Please keep the membership secretary informed of any changes in your contact details, so that you can continue to receive information from SCOA.
